

Don't let this be you

MURPHY'S LAWS ON safe driving

- 1** NEVER drink and drive.
- 2** Speed kills: Don't even think of exceeding the speed limit—it exists for a reason.
- 3** Never try to beat a yellow light—it's not worth your life.
- 4** ALWAYS wear your seat belt.
- 5** Unsafe road conditions can be deadly—reducing your speed in poor conditions may save your life.
- 6** Use peripheral vision when approaching all intersections. Beware of other drivers—they may not see you.
- 7** Create a safe distance with the car in front of you.
- 8** Do not suddenly change lanes without warning.
- 9** Do not be distracted behind the wheel—avoid answering cell phones or changing radio stations unless your car is at a stop.
- 10** Keep the volume down—loud music can distract you and impair you from hearing sirens.
